

## KOSTER Anti-Microbial Additive

Technical Data Sheet CT 759 001

Issued: 05-19-16

### Additive to prevent micro-organism growth on coating surfaces

#### Features

KOSTER Anti-Microbial Additive is a film preserving agent that fights a wide variety of micro-organisms. KOSTER Anti-Microbial Additive is designed to protect KOSTER coating surfaces from deterioration due to micro-organism attack. Once cured, the system will provide preservation of the treated film and prevent fungi, algae, and bacteria from breaking down KOSTER coating systems.

#### Fields of Application

Combining polymer and its curative with an added anti-microbial preservative provides a floor that is extremely resistant to attack from micro-organisms. KOSTER Anti-Microbial Additive is designed specifically for food processing areas.

#### Application

KOSTER Anti-Microbial Additive is available pre-dosed in KOSTER urethane or epoxy coatings. Apply the KOSTER urethane or epoxy coatings with the KOSTER Anti-Microbial Additive according to the application instructions on the respective data sheet.

#### Packaging

CT 759 001

Pre-dosed at plant

#### Safety

Consult Safety Data Sheet. Always wear proper personal protective equipment.

#### Limited Warranty

KOSTER warrants that its product shall be in accordance with the specifications published in the current revision of the products data sheet. KOSTER covenants that in the event any of its products fail to meet their published specifications, KOSTER shall replace those products proved to be defective. KOSTER shall not be responsible for any incidental or consequential damages due to the breach of its warranties. Notwithstanding the foregoing, KOSTER's sole liability hereunder shall not exceed the cost of the defective product originally purchased. EXCEPT AS SET FORTH ABOVE, KOSTER MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED AND MAKES NO WARRANTY AS TO THE MERCHANTABILITY OR FITNESS OF THE PRODUCT FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. The user must determine if the product is suited for the intended use and the user must bear the risks and liabilities associated with it.

The information contained in this technical data sheet is based on the results of our research and on our practical experience in the field. All given test data are average values which have been obtained under defined conditions. The installer is responsible for the correct application taking into consideration the specific conditions of the construction site and the final results of the construction process. This may require adjustments to the recommendations given here for standard cases. Specifications made by our employees or representatives which deviate from the specifications contained in any Company literature may not be relied upon in the absence of written confirmation from the Company. The installer must comply with all testing, technical requirement, guidelines, and industry customs at all times. The terms, conditions, and limitations contained in the written warranty for the product controls over the specifications contained herein. This guideline has been technically revised; all previous versions are invalid.
