

# KOSTER Color Chips

## Decorative colored chips for broadcasting into KOSTER epoxy resins

### Features

KOSTER Color Chips are decorative color chips composed of water-based resin materials, inorganic minerals, additives, and various pigments. KOSTER Color Chips are integrally pigmented, brilliantly colored, random in shape, sized within a standardized range, and can be custom blended with infinite options to achieve optimal appearance and texture qualities with a resin-based flooring or wall-coating system.

### Technical Data

Standard Sizes	1/4"
	1/16"
Sizing Options	~1"
	1/2"
	1/4"
	1/8"
	1/16"
	1/32"

### Fields of Application

Use KOSTER Color Chips to coordinate floors and walls with any décor. Our extensive line of color chips gives you the ability to custom design blends to match any color scheme. KOSTER Color Chips may be used in aircraft hangars, auto dealerships, bars, pubs & taverns, basements, bathrooms, bowling alleys, butcher shops, cafeterias, churches, clean rooms, commercial kitchens, dog kennels, garage floors, greenhouses, grocery stores, hallways, hospitals, industrial hallways, laboratories, locker rooms, night clubs, offices, pet stores, pharmaceutical plants, public facilities, restaurants, restrooms, retail stores, schools, show rooms, stadium hallways, zoos, and more.

### Application

KOSTER Color Chips are broadcast by hand into a fresh coat of KOSTER MPE so that a desired distribution is achieved. The KOSTER Color Chips should be thrown upwards and not directly into the fresh surface. Prepared areas should always be completely treated in one work step to ensure a consistent appearance.

### Coverage

Chip Size	Full Coverage [sq ft/lb]
~ 1"	8 - 10
1/2"	7 - 9
1/4"	5 - 7
1/8"	4 - 6
1/16"	3 - 5
1/32"	2 - 4

### Packaging

CT 429 005	23 kg carton
CT 429 010	50 lb carton

### Storage

Store KOSTER Color Chips in an air tight bag in a dry environment at room temperature.

### Limited Warranty

KOSTER warrants that its product shall be in accordance with the specifications published in the current revision of the products data sheet. KOSTER covenants that in the event any of its products fail to meet their published specifications, KOSTER shall replace those products proved to be defective. KOSTER shall not be responsible for any incidental or consequential damages due to the breach of its warranties. Notwithstanding the foregoing, KOSTER's sole liability hereunder shall not exceed the cost of the defective product originally purchased. EXCEPT AS SET FORTH ABOVE, KOSTER MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED AND MAKES NO WARRANTY AS TO THE MERCHANTABILITY OR FITNESS OF THE PRODUCT FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. The user must determine if the product is suited for the intended use and the user must bear the risks and liabilities associated with it.

The information contained in this technical data sheet is based on the results of our research and on our practical experience in the field. All given test data are average values which have been obtained under defined conditions. The installer is responsible for the correct application taking into consideration the specific conditions of the construction site and the final results of the construction process. This may require adjustments to the recommendations given here for standard cases. Specifications made by our employees or representatives which deviate from the specifications contained in any Company literature may not be relied upon in the absence of written confirmation from the Company. The installer must comply with all testing, technical requirement, guidelines, and industry customs at all times. The terms, conditions, and limitations contained in the written warranty for the product controls over the specifications contained herein. This guideline has been technically revised; all previous versions are invalid.
